

Product Name :
Four-Head Computer Weigher

Product Code :
EQUP-ME2030-0001

Description :

Four-Head Computer Weigher

Technical Specification :

4-head linear weigher is suitable for weighing granule and powder.

High speed and high precision

Microcomputer control system, with dual vibration feed, easy to operate.

All parts made in stainless steel, anti-corrosion and dustproof, easy to clean.

Used separately or combined with packing machine or other packing related equipment.

Max Load: 1000g

Weighing Accuracy: 0.5-1g

Weighing Speed: 50bags/min

Total power: 1KW

voltage: 220V single phase 50/60HZ
