

**Product Name :**  
Meat Tenderizer Machine

**Product Code :**  
EQUP-MC20017-0010

**Description :**

Meat Tenderizer Machine

**Technical Specification :**

Meat Tenderizing Machine is similar to a meat mallet which can flatten and bang meat to extend and tenderize meat. Tendon Breaking Machine can pierce meat to break down the membrane(chain) to soften the texture. There are Tabletop-type and Vertical-type machines for choices.
