

Product Name :
Industrial Meat Tenderizer Machines

Product Code :
EQUP-MC20203-0004

Description :

Industrial Meat Tenderizer Machines

Technical Specification :

Meat tenderizer machine can tenderize fresh beef ,chicken etc by two groups of sharp multi blades. it can adjustable between two group of blades according to product thickness.

Belt width: 600mm

Belt speed: 119-59 r/min

diameter of the knife: 130mm adjustable

Space between the cutter-axes: 5—30mm adjustable

Power: 0.75kw

The electricity: 380V/50Hz,3P,415v,220v/3p

Input height: 1000 1100mm

Output height: 1000 1100mm
