

Product Name :
Commercial Electromagnetic Cooker

Product Code :
MM-CHINA11001-007

Description :

Commercial Electromagnetic Cooker

Technical Specification :

Built with craftsmanship and designed for demanding commercial kitchens, this dual-wok induction cooker offers robust performance, elegant appearance, and intelligent operation for high-volume cooking.

Key Features

Sturdy Stainless Steel Construction

Crafted with premium-grade stainless steel, ensuring durability and stability in high-frequency commercial use.

Streamlined and Elegant Design

Smooth lines and minimalist contours provide a professional and modern kitchen aesthetic.

High Power & Flexible Cooking

Each wok burner delivers up to 15kW of power, supporting fast stir-fry, boiling, braising, and other high-heat cooking methods.

Hygienic & Easy to Clean

Flat surfaces and stainless steel body make daily cleaning quick and sanitary.

Safe and Reliable Operation

Equipped with multiple safety protection mechanisms for worry-free use.

Smart Automatic Control

User-friendly touch controls with intelligent temperature and power adjustment make operation and maintenance simple.
