

Product Name :
Ultrasonic Cream Sandwich Bread Cutting Machine?

Product Code :
MM-CHINA11003-002

Description :

Ultrasonic Cream Sandwich Bread Cutting Machine?

Technical Specification :

Operational Parameter	Engineering Specification	Industrial Advantage
Production Capacity	60 - 120 cuts per minute (variable)	Scalable for 2000kg/day central kitchens
Ultrasonic Frequency	20kHz / 40kHz (Intelligent Auto-tuning)	Ensures constant resonance under load
Blade Material	Durability-Enhanced Titanium Alloy	Anti-corrosive with 5,000+ hour lifespan
Slicing Accuracy	±0.15mm Digital Servo Control	Guarantees exact portion weight consistency
Motion Control	Siemens PLC + HMI	One-touch digital recipe management
Safe-Power Consumption	1.5KW - 2.2KW peak load	Energy-efficient harmonic dicing logic
Indexing Logic	Continuous or Intermittent Indexing	Syncs with existing sandwich production lines
