

Product Name :
Flour Mixing Machine

Product Code :
MM-CHINA11003-0025

Description :

Flour Mixing Machine

Technical Specification :

Our flour mixing machine is suitable for various powders mixing and noodle processing pre-mix work, this kind of equipment is fully made of stainless steel which is easy to operate, well stirring with high yield. It is currently the most advanced equipment for flour mixing.

Easy to operate, work stably and safety

Beautiful appearance, excellent performance

High efficiency, low noise and energy saving

Made of high-quality stainless steel, long life service, clean and healthy.
