

**Product Name :**  
SC Series Bullet Ice Maker

**Product Code :**  
MM-CHINA11004-002

**Description :**

SC Series Bullet Ice Maker

**Technical Specification :**

Elegant Stainless Steel Craftsmanship

Compact and modern appearance with stainless steel housing ensures long-lasting durability and easy cleaning. Space-saving design, easy to install in various environments.

High-Efficiency Ice Making

Fast ice production cycle to meet daily commercial needs efficiently.

Bullet-shaped ice is smooth, clear, and melts slowly — perfect for enhancing the presentation and flavor of drinks.

Energy & Water Conservation

Built-in water recycling system minimizes waste and reduces operational costs.

Efficient cooling and optimized performance keep power consumption low.

Reliable, Intelligent Operation

Simple operation with automatic control for continuous ice production.

Consistent output even in busy hospitality environments.
