

Product Name :
SF Series Snowflake Ice Machine

Product Code :
MM-CHINA11004-003

Description :

SF Series Snowflake Ice Machine

Technical Specification :

Ultra-Fine Snowflake Ice

Produces soft, powdery snow-like ice with excellent water permeability for rapid cooling.

Ideal for delicate food preservation, direct consumption (shaved ice, ice porridge), and medical applications.

Fast & Efficient Production

Ice production begins within five minutes of operation, ensuring speed and efficiency.

Fully automatic with microcomputer control, self-monitoring for water and power supply interruptions.

Durable & Hygienic Design

304 stainless steel evaporator, clean, hygienic, corrosion-resistant.

Outer housing made of stainless steel, stylish, durable, easy to clean.

Environmental refrigerant (R134a) available for eco-friendly operation.
