

Product Name :
Cube Ice Maker

Product Code :
MM-CHINA11004-007

Description :

Cube Ice Maker

Technical Specification :

High Capacity & Versatile Performance

Delivers up to 680kg / 900kg of ice per 24 hours, meeting the needs of industries requiring continuous, high-volume ice production.

Supports both cube ice and large block ice formats to suit various applications such as beverages, food preservation, retail display, and industrial cooling.

User-Friendly Intelligent Operation

Fully automated microcomputer control handles water intake, ice-making, and ice discharge with no manual supervision required.

Built-in automatic alarms for water or power failure, with auto-restart functions to ensure continuous operation. Intelligent ice-full sensor guarantees precise control, unaffected by ambient temperature fluctuations.
