

Product Name :
Aseptic Rice Production Line

Product Code :
MM-CHINA11006-001

Description :

Aseptic Rice Production Line

Technical Specification :

Fully Automated & Hygienic Production

Automatic rice washing, soaking, cooking, filling, sealing, and aseptic packaging

CIP/SIP system available

Stainless steel 304/316L structure

Aseptic Processing for Long Shelf Life

UHT sterilization or retort sterilization

Eliminates microorganisms while retaining rice texture

Suitable for ambient storage (6–18 months depending on recipe)

High Production Efficiency

Continuous cooking and mixing

Accurate dosing system for rice, water, flavors, oil, or seasonings

Servo-driven control for stable, precise operations
