

Product Name :
Unmanned Intelligent Rice Production Line

Product Code :
MM-CHINA11006-002

Description :

Unmanned Intelligent Rice Production Line

Technical Specification :

Rice receiving & automatic loading
Smart metering of rice & water
Gentle rice washing & soaking
AI-controlled cooking & steaming
Automatic lid opening/closing
Robotic pot lifting & transferring
Automatic pot flipping & rice discharging
Intelligent pot washing and drying
CIP cleaning system (optional)

MachinesManufacturer China
