

Product Name :
Robotic Rice Production Line

Product Code :
MM-CHINA11006-003

Description :

Robotic Rice Production Line

Technical Specification :

The robotic rice production line adopts an advanced PLC computerized control system that fully automates:

- Precise measurement of rice & water
- Gentle washing & soaking
- Robotic pot transportation
- Automated rice cooking and steaming
- Automatic lid removal
- Automatic pot flipping
- Automated rice discharge
- Intelligent pot washing

- High-Quality Cooking Performance
- Cooked rice is bright, fluffy, and full of aroma
- Soft texture, uniform moisture
- Each batch maintains equal cooking parameters
