

Product Name :
Fully Automatic Leverless Tire Changer

Product Code :
MM-CHINA11009-005

Description :

Fully Automatic Leverless Tire Changer

Technical Specification :

Full automatic hydraulic and pneumatic deluxe tyre changer with central positioning flange - no lever tire fitting machine with double bead breaker arm, suitable for car wheels with a rim from 8" to 30" (max. wheel diam. 1250 mm./49", max. wheel width 406 mm./16").

Suggested for top professional tire specialists, servicing run flat and UHP tires with no tool/rim contact.

Features:

24v safety voltage control.

The microswitch allows accurate movement control.

Availability to learn the immediate status of the bottom bead changing through the color monitor.

The powerful hydraulic drive machine with 3 points bead pressing help arm is able to deal with those hard wall tyres.

The leverless demount hook is rounded & smooth design with plastic protector gives further protection to rims. Use the pneumatic tyre lifter for heavy duty tyres.
