

**Product Name :**  
Packing Rotary Bottle Filler Capper Machine

**Product Code :**  
EQUP-MC20085-0034

**Description :**

Packing Rotary Bottle Filler Capper Machine

**Technical Specification :**

We have made some amazing progress and accomplished a few deeds. We have been a piece of progressive changes all the while. Life has dependably been about fittest of the survival while men has contended energetically to figure out how to lead a more agreeable and simple life. Be that as it may, regardless of what number of things we have accomplished in this way, there have dependably been new hindrances in our route and there will be as we advance ahead. Positively, life has turned out to be more agreeable and less demanding to be lived contrasted with how things were hundreds of years back.

Output/Hour*	1000 to 2400 Containers
No. of sealing head	1 Nos.
Electrical Motor**	1 H.P. , 415 Volts, 3 Phase For Main Machine
Change parts required	Cap Die if cap diameter change.
