

Product Name :
Packaging Machine

Product Code :
EQUP-MC20086-0032

Description :

Packaging Machine

Technical Specification :

Machine Type Semi-Automatic

Condition New

Packaging Material Wood

Voltage 220 V

Capacity Variable,Variable

Power 7 to 8 kw

Power Consumption 3 phase

Dimension 5 feet x 24 inch

Sealing system for accurate seal and cutting. The machine is highly reliable and provides years of dependable service. These Machines find applications for Stationery, Sweets, Gift Packets, Confectionery, Welding Rods, Bottles, Cosmetics, etc

Features:

- Heavy Duty Electronic Timer
- Adjustable working platform and height for various products size.

6-8 pouch per minute

Seal Area	Power Con.	Power	Mec. Dia.
15" X 10"	0.5 KW	230 V	1041X406X1219 mm
20" X 15"	0.8 KW	230 V	1270X610X1372 mm
25" X 20"	0.9 KW	230 V	1397X737X1372 mm
